Community Engagement

Community Engagement Events are designed to promote community togetherness and strengthen the community as a whole. It is our intention to partner with local organizations, businesses, and community leaders to offer events that are open to the public and welcoming to all. Through these partnerships, the Whitman Empowerment Center provides enriching activities that include youth learning how to serve their community. Youth participate in Serve Events as hands-on service opportunities to develop a sense of responsibility, teamwork, and the value of giving back to their community, while fostering connection and shared pride.

Volunteers Welcome!
